

by Tuff-N-Lite®

(Exclusively available through our distribution partners)

This new, innovative platform consists of various engineered yarn blends to provide distinct solutions for different users while remaining economically well-balanced to suit your budget.

All Halo products are:

Made with complex, ultra-light weight engineered yarn blends

- Stronger than steel, stronger than Kevlar®
- Unaffected by moisture or UV radiation
- Keeps user cool and comfortable

Designed for best fit, comfort and protection

Made in America

- 100% made in the USA
- No supply chain issues

Launderable

- Can be laundered multiple times with no degradation of cut resistance, effectively lowering the long-term cost of ownership

Features

- Intelligent Zone Cut Protection**
Offers extra protection to areas that need it more
- Armband Reflectors**
For workplaces where you need that extra visibility
- Double Cut Protection in Neck Area**
Extra protection for the chest and neck when needed
- Coolmax® Collar**
All collars blended with Coolmax® yarn for greater comfort and cool
- Reinforced Belly Area**
For workplaces where your abdomen is at extra risk of cuts
- Extended Cuff with Thumb Hole**
For forearm and wrist protection. Wear them under your gloves.
- Thumb Loop**
For extra snugness during wear
- Open Front with Zipper**
All zippers made in the USA
- Chest Zipper**
For a more relaxed wear. All zippers made in the USA.
- Adjustable Straps on Apron**
Keep everything in place
